Capital Markets and Cross-Border Finance Transaction Support

Leading international law firms, financial institutions, and corporate issuers partner with Cogency Global to support the operational and compliance requirements of complex capital markets and cross-border finance transactions.

Dedicated Support for Time-Sensitive Capital Markets Transactions

Cogency Global supports capital markets teams at established U.S., European, and Asia-Pacific law firms on high yield bonds, Rule 144A / Regulation S offerings, EMTN programs, shelf registrations, and SEC-registered transactions for foreign issuers.

We are a long-standing, trusted provider for process agent, entity formation, and lien filing and search services that are required for complex cross-border equity and debt capital market transactions.
